DETAILED ACTION

Allowable Subject Matter

Claims 1 - 12 allowed.

The following is an examiner's statement of reasons for allowance: The reasons for allowance were put forth in the previous Office Action (mailed October 6, 2006). However, the Examiner notes that the rejections supplied from foreign patent offices (see IDS submitted October 17, 2006) do not address 1) the limitation of selecting whether the performance data is converted on the client or server, and 2) where performance data is converted on the server and supplied to the client. The Examiner believes this to be a distinction since "performance data" is not merely an audio "format" (e.g., MP3, ATRAC, WAV, etc.) or compression scheme. Performance data (having events, as claimed) is specifically for the purpose of controlling a musical instrument (and therefore, may include data that will not – indeed cannot – be converted to a simple compression-type file).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
